The Best in Billiards.

since 1972

Olhausen Billiard Catalog

Made in the USA - Played on Around the World.

An American Family Tradition . . .

As brothers, Butch and I have had a long family history in the billiard business which began over 70 years ago with our grandfather's pool room in Hartley, Iowa. Our dad, Jerry Olhausen, carried on this history in 1953 when he started his own billiard sales and service business in New Mexico where both of us worked while growing up. But, it wasn't until we moved to California that our role in the Olhausen® legacy would really begin.

More than 35 years ago, Butch and I arrived in San Diego, California with a shared passion for billiards which would become the foundation for the billiard manufacturing business we would start together. In 2006, that same passion brought the company to Portland, Tennessee where my sons Larry, Colby, Jeffrey and I are now running the largest pool table manufacturing facility in the world. Our new state-of-the-art factory occupies over 250,000 square feet and while Olhausen® Billiards capacity to produce pool tables has greatly increased, our constant dedication to quality has not changed as every Olhausen® pool table is still built to order.

It was manufacturing pool tables in California that put Olhausen® Billiards in the forefront of environmental awareness. So our new factory is not only the largest producer of billiard tables in the industry but it is also one of the most environmentally friendly manufacturing facilities found anywhere in the world. In terms of sustainability, the relocation to Tennessee has put Olhausen® much closer to its lumber suppliers as well as to its distributors. From the energy efficient factory to the continued use of the latest technology, Olhausen® is building pool tables using methods that are not only best for you the customer, but for the environment as well.

Since 1972 Olhausen has been using 'American Made' products to design and build tables that have become known in the industry as the "Best in Billiards". We offer every type of pool table imaginable; from ornate pieces of furniture to professional tournament quality tables. No matter how they look on the outside, every Olhausen® pool table has the same durable, award winning core on the inside... and that is why Olhausen® Billiards can provide you with not only the highest quality pool table on the market but also with a lifetime warranty from our family!

Sincerely,

Donny Olhausen, CEO

OLHAUSEN®

BEHIND THE NAME

Olhausen® quality control far surpasses industry standards. We use the highest quality diamond, honed slate, and every piece of this premium stone is checked for flatness, smoothness, and accurate bolt-hole locations.

“meticulously sanded to perfection.”

The heart of an Olhausen® - the frame - is carefully assembled on a specially designed bench. After painstaking frame construction, all the moldings are attached by hand and are then meticulously sanded to perfection.

Olhausen® employs the use of many state-of-the-art CNC (computer numerical control) machines to build its quality pool tables.

Olhausen® insists upon the highest grade hardwoods like Hard Rock Maple and Northern Oak. To ensure lumber quality, we even require suppliers to code each mill run. It's extra work, but it makes for a better table.

“state-of-the-art.”

Olhausen® craftsmen are specially trained to operate computer controlled and precision machinery. This high-speed machine, which was designed by Olhausen® engineers, ensures a perfect pocket fit on every rail.

Our ultraviolet (“UV”) finish line automatically sands and sprays all rails and aprons, lending durability, consistency, and efficiency to production.

“compliment your home’s décor.”

With subtle details - like optional Abalone and Mother-of-Pearl inlaid sights, you would think you were purchasing a piece of fine, Old-World furniture that will be a part of your family for generations. And you would be right.

In addition to our full line of standard finishes, we can create a custom finish to meet your individual needs. Simply bring a sample to your nearest Authorized Olhausen® Dealer, and they'll have Olhausen® build you a table to compliment your home's décor.

“Our customers love the story of Olhausen® because we’re in small town USA... Family owned, Built in America, Guaranteed for life. Pretty easy decision from there!”

Charlie Reed - Stansfield Vending - La Crosse, WI

When something is as well-made, from such high-quality materials as an Olhausen® pool table, you’d expect the company to stand behind it. And Olhausen® does-with a nationwide network of Authorized Dealers, chosen as carefully as the wood and slate that go into the tables. Olhausen® also backs up all tables equipped with American-made Accu-Fast® cushions with a lifetime warranty signed by Donny Olhausen®. This warranty means, among other things, that your Olhausen table may outlive you. But don’t let that depress you. Just get out there and play.

“Very few industries feature a brand offering the highest quality with prices for everyone. Billiards has Olhausen® - the pride of our stores & the class of our business.”

Jay MacDougall - Recreation World Home & Billiard - Edmonton, AB

If you have any questions or comments about your table, you can pick up the phone or stop by the factory and talk to an Olhausen®. A real, honest-to-goodness Olhausen®. In fact, they’d like to hear from you. Because chances are, you’re going to have something nice to say about that gorgeous piece of furniture with their name on it.

“When our customers ask for quality we say buy American, buy an Olhausen®!”

Brian Mowery - Family Recreation Products - Bel Air, MD

One final thought: The Olhausen® family are real people with true american family history and they carry that along with their name and in their pool tables.

“Olhausen® is absolutely the best quality pool table made...period!”

Robert Baxter - Games & Things - Atlanta, GA
